FOLIAGE PLANTS WITH EYE APPEAL

MONSTERA DELICIOSA

BOOST YOUR SALES AND INCREASE YOUR PROFITS with foliage plants. They make good individual pot plants, are ideal for planting areas, and are effectively used for decorative work. When flowering plants are in short supply, sell your customer an attractive foliage plant and note your many reorders from this satisfied customer.

All of our potted plants are finished plants ready for immediate resale. We offer the enclosed illustrations for your approval so that you may see the plants actually as they were photographed, without retouching, at our nursery.

We have made this price list in a loose leaf form as we will be sending you additional sheets of other plants. Should you want more sheets of any plant, write us and we will gladly furnish you with them.

TO OUR CUSTOMERS that vacation in Florida, we welcome a visit from you. We hope you can come to our nursery to see our stock and how it is grown. Clearwater is one of the vacation spots of the South with its beautiful beach on the Gulf of Mexico.
